To Whom It May Concern,

This letter is in reference to Solar Source's ongoing working relationship with Bright Solar Systems, and specifically Ms. Alicia Valdes.

I have personally had the pleasure of working with Alicia Valdes for approximately 2 years now, and during that time she has proven to be a highly qualified and capable business development professional. Alicia is tenacious and persistent, qualities that propel her into accounts most others would not penetrate.

Our most recent project together is the Encore Solar Vault in downtown Tampa. This project is a high-profile, highly visible public solar system. The project was completed on time and within budget. The end client is completely satisfied and is now entertaining other projects with the Bright Solar Systems/Solar Source team.

In summary, I highly recommend both Bright Solar Systems and its principle, Alicia Valdes, without reservation. Please feel free to contact my office directly for further reference.

Sincerely,

Rick Gilbert

Vice President

Solar Source
