Dear Alicia,

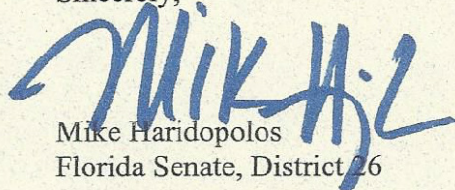

Thank you for joining with Citizens for Clean Energy last Thursday to participate in developing a solution for Florida's energy future. The response was both overwhelming and reassuring. Your support for this summit shows that the state of Florida is intensely determined to create an all-energy policy that will create jobs, preserve the environment, and promote energy independence.

This is a pivotal moment in our state's history; a moment by which future generations will judge us. Productive discussions, such as last Thursday's, will help guarantee that our children will be blessed with the same opportunities that we had. In the coming year, it will be a high priority to create a comprehensive all-energy policy based upon the ideas presented in this energy summit.

A major theme of the summit was Florida's potential as a leader in alternative energy. We've tried the conventional route, but now it is time to turn the page and consider an all-energy policy that will serve Florida well in the future. I look forward to working with you in fulfilling our potential. Your continued support and input is crucial as we work to achieve this goal. Feel free to contact me with your suggestions at the numbers listed below. You can also reach me by email at [mike@senatormike.com](mailto:mike@senatormike.com), or at my facebook account, [www.facebook.com/senatormike](http://www.facebook.com/senatormike).

Thanks again for all of your support and dedication Thursday in Orlando. If I can ever be of service, please do not hesitate to contact me.

Sincerely,

  
Mike Haridopolos
